

Davie County Public Utilities  
Customer Notice

Davie County Public Utilities has initiated a new meter reading process. All county water and/or sewer customers have been organized into specific meter reading cycles. In order to begin this process **some** customers will receive an averaged bill based on historical usage (as opposed to a bill for actual usage) for the January 2009 billing cycle. The March 2009 bill will reflect your actual usage for January and February as well as any adjustments that may be needed as a result of the averaged January bill. We appreciate your patience through this transition as we strive to better serve our customers. If you have any questions regarding your bill, please feel free to call 336-753-6090. Thank you for your patience and understanding.
